About us

Before Mosheko Cosmetics became a name people trusted, its founder, Moshe Abitbul, was just another young man selling in various malls at cosmetic kiosks throughout various common areas.

Day after day, he watched talented beauty products fail due to poor quality ingredients, and a lack of care for both sales associates and customer experiences and conflict between brand wholesalers and distributors. He grew frustrated—not with beauty products itself, but with the system that held it back.

Moshe knew there was a better way. With determination and a deep understanding of what customers truly wanted, he decided to create his own brand—one that prioritized quality, natural and organic skin-friendly ingredients, and an experience that made people feel good and valued.
